

# **BEACH CLEANS BY GREENS SCHOOL'S** **2017/18**

**In The Green Schools project they**

**Define Biodiversity as**

**“**Biodiversity**.... looks at steps which can be**

**Taken to increase awareness of the importance of**

**Native plants, animals and habitats,**

**And to increase species-richness in a locality.”**

**With this in mind we realised**

**That Dublin Bay was designated**

**A UNESCO Biosphere in 2015,**

**The only capital city in the world with such an honour.**

**With this on our doorstep**

**decided to help this unique habitat and its  
environment by organising**

**A monthly beach clean of  
Sandymount Strand for the**

**9 academic months of the year.**

**We did this in coordination the**

**Clean Coasts initiative and Richard Curtin.**

**This ensured we were insured**

**And he supplied us with the**

**Cleaning equipment we**

**Needed through Dublin City Council**
