

## **St. Michael's College Admissions Policy**

### **INTRODUCTION**

This Admission Policy complies with the requirements of the Education Act 1998, the Education (Admission to Schools) Act 2018 and the Equal Status Act 2000. In drafting this policy, the board of management of the school has consulted with school staff, the school patron and with parents of children attending the school.

The school patron approved the policy on 1<sup>st</sup> September 2021. It is published on the school's website and will be made available in hardcopy, on request, to any person who requests it.

The relevant dates and timelines for St. Michael's College admission process are set out in the school's annual admission notice which is published annually on the school's website at least one week before the commencement of the admission process for the school year concerned.

This policy must be read in conjunction with the annual admission notice for the school year concerned.

The application form for admission is published on the school's website and will be made available in hardcopy on request to any person who requests it.

### **CHARACTERISTIC SPIRIT AND GENERAL OBJECTIVES OF THE SCHOOL**

St Michael's College C.S.Sp. is a Catholic all boys fee-charging voluntary secondary school with a Catholic ethos under the trusteeship of the Spiritan Education Trust. The College's customs and practices are inspired by Christian ideals with the aim of providing an environment in which the full potential of each student can be developed against a background of the Spiritan ethos of education. Students will be encouraged to strive towards excellence in academic, artistic, sporting, cultural, personal, spiritual and social achievement. The C.S.Sp. philosophy of education highlights the Religious Education of our pupils as a prime concern. We strive to make our school a place where faith is nurtured within the Catholic tradition and where the needs of those of other

faiths are recognized and respected. We see a partnership between parents, current and former students, teachers and patrons as the most effective way of ensuring these goals are attained.

In accordance with S.15 (2) (b) of the Education Act, 1998 the Board of Management of St Michael's College shall uphold, and be accountable to the patron for so upholding, the characteristic spirit of the school as determined by the cultural, educational, moral, religious, social, linguistic and spiritual values and traditions which inform and are characteristic of the objectives and conduct of the school.

The school offers a Transition Year Programme which is compulsory for all students. There is an active Parents' Association, Students' Council and a Past Pupils Union. Each operates under its own constitution to support the work of the school. A Board of Management made up of nominees of the patrons, parents and teachers manages the school. St. Michael's College operates within the context and parameters of the Dept.of Education and Science's regulations and programmes. The College takes into account the rights of the Patron (The Spiritan Educational Trust) as set out in the Education Act as well as the funding and resources available to the college. The Spiritan Education Trust is a company limited by guarantee set up in 1999 by the Congregation of the Holy Spirit designated to act as Patron of the Spiritan schools in Ireland. Up to that time, the official Patron was the Provincial Superior of the Congregation of the Holy Spirit in Ireland, assisted by the Provincial Council.

## **EDUCATION IN THE MISSION OF THE CONGREGATION OF THE HOLY SPIRIT**

The Congregation of the Holy Spirit is an international missionary congregation founded in 1703 by Claude Poullart des Places (1679 – 1709). We also look to Francis Libermann (1802 – 1852) as an important founding figure in the evolving history of the Congregation. Our mission, from the very beginning, has been to seek a value-led life in the service of the Gospel of Jesus.

By seeking to live a life of **Openness to the Spirit** Spiritans have always understood education to be at the heart of our service to Church and society. Spiritans and Spiritan initiatives are present in every continent at the service of education.

Our works of education are varied but they are all born out of a sense of building up a **Community of Concern** for others. At the heart of our schools we wish to foster this sense of community among students, staff, parents and management where the gifts and faith of each person are recognised in their diversity and their richness.

Above all we seek to inspire in the students who have been entrusted to our care to make an **Option for the Marginalised and Economically Poor in society** as well as a **Commitment to Service** where each person is encouraged to use and share their talents generously to build up a more just society and to practice a life modelled on the values of the Gospel.

For over three hundred years Spiritans have been engaged in mission and service across the globe. We work with people of all faiths and none in a dialogue based on respect and trust knowing that men and women can live, work and learn together in a spirit of mutual respect. We see education as playing a vital role in the development and growth of a democratic society. This is the **Global Vision** that invites us to see beyond the limits of our local and international frontiers and to cherish the fact that, despite our cultural, religious and linguistic diversity, we share a common human destiny where we live in the shelter of each other.

Claude Poullart des Places was himself a student when he brought together his other companions whose common commitment to Gospel living formed the beginnings of the Congregation of the Holy Spirit. As students, they were committed to working and achieving the **Highest of Educational Standards** in the life of their student community and growing in knowledge and awareness of themselves and of God in their own **Personal and Faith Formation**.

In accordance with section 62(7)(e) of the Education Act, the school will not consider or take into account any of the following in deciding on applications for admission or when placing a student on a waiting list for admission to the school:

1. a student's prior attendance at a pre-school or pre-school service, including naíonraí,
2. a student's academic ability, skills or aptitude,

### **3. Decisions on applications**

All decisions on applications for admission to St Michael's College will be based on the following:

- Our school's admission policy
- The school's annual admission notice (where applicable)
- The information provided by the applicant in the school's official application form received during the period specified in our annual admission notice for receiving applications

(Please see [section 14](#) below in relation to applications received outside of the admissions period and [section 15](#) below in relation to applications for places in years other than the intake group.)

Selection criteria that are not included in our school admission policy will not be used to make a decision on an application for a place in our school.

### **4. Notifying applicants of decisions**

Applicants will be informed in writing as to the decision of the school, within the timeline outlined in the annual admissions notice.

If a student is not offered a place in our school, the reasons why they were not offered a place will be communicated in writing to the applicant, including, where applicable, details of the student's ranking against the selection criteria

and details of the student's place on the waiting list for the school year concerned.

Applicants will be informed of the right to seek a review/right of appeal of the school's decision (see [section 18](#) below for further details).

## **5. Acceptance of an offer of a place by an applicant**

In accepting an offer of admission from St Michael's College, the parent/guardian of the applicant must indicate—

1. whether or not they have accepted an offer of admission for another school or schools. If they have accepted such an offer, they must provide details of the offer or offers concerned and
2. whether or not they have applied for and are awaiting confirmation of an offer of admission from another school or schools, and if so, they must provide details of the other school or schools concerned.

Applicants should be aware that failure to disclose this information on the acceptance of a place may lead to an offer being withdrawn by the school.

## **6. Circumstances in which offers may not be made or may be withdrawn**

An offer of admission may not be made or may be withdrawn by St Michael's College where—

1. it is established that information contained in the application is false or misleading.
2. an applicant fails to confirm acceptance of an offer of admission on or before the date set out in the annual admission notice of the school.
3. the parent of a student, when required by the principal in accordance with section 23(4) of the Education (Welfare) Act 2000, fails to confirm in writing that the code of behaviour of the school is acceptable to him or her and that he or she shall make all reasonable efforts to ensure compliance with such code by the student; or an applicant has failed to comply with the requirements of 'acceptance of an offer' as set out in 10 below .
4. The board of management has a duty of care to ensure as far as practicable the health and safety of the students and staff of the school. In addition, the board of management is required under section 15(1) of the Education Act 1998 to provide, or cause to be provided, an appropriate education for each student at the school for which that board has responsibility. An application for admission may be refused, therefore, where the admission of the applicant would pose a significant risk to the health and safety of the applicant or students and staff of the school, or risk significantly interfering with the right of other students to an appropriate education.

## **7. Sharing of Data with other schools**

Applicants should be aware that section 66(6) of the Education (Admission to Schools) Act 2018 allows for the sharing of data between schools in order to facilitate the efficient admission of students. Section 66(6) allows a school to provide a patron or another Board of Management with a list of the students in relation to whom:

1. an application for admission to the school has been received,
2. an offer of admission to the school has been made, or an offer of admission to the school has been accepted.

The list may include any or all of the following:

1. the date on which an application for admission was received by the school,
2. the date on which an offer of admission was made by the school,
3. the date on which an offer of admission was accepted by an applicant,
- 4.. a student's personal details including his or her name, address, date of birth and personal public service number (within the meaning of section 262 of the Social Welfare Consolidation Act 2005).

## **8. Waiting list in the event of oversubscription**

In the event of there being more applications to the school year concerned than places available, a waiting list of students whose applications for admission to St Michael's College were unsuccessful due to the school being oversubscribed will be compiled and will remain valid for the school year in which admission is being sought.

Placement on the waiting list of St Michael's College is in the order of priority assigned to the students' applications after the school has applied the selection criteria in accordance with this admission policy.

Offers of any subsequent places that become available for and during the school year in relation to which admission is being sought will be made to those students on the waiting list, in accordance with the order of priority in relation to which the students have been placed on the list.

## **9. Late Applications**

All applications for admission received after the closing date as outlined in the annual admission notice will be considered and decided upon in accordance

with our school's admissions policy, the Education Admissions to School Act 2018 and any regulations made under that Act.

Late applicants will be notified of the decision in respect of their application not later than three weeks after the date on which the school received the application. Late applicants will be offered a place if there is a place available. In the event that there is no place available, the name of the applicant will be added to the waiting list.

### **10. Procedures for admission of students to other years and during the school year**

Where parents wish to make an application for their son to a year group other than First Year or during the school year, they should in the first instance fill in an Application Form. An offer of a place can only be made if there is space in the year group in question. A decision on whether a place can be offered will be conveyed to the parents within 21 days of the initial application.

Before accepting the offer of a place in the school the parents and their son are strongly advised to attend a meeting with the Principal and/or Deputy Principal to ascertain whether there is a place available in the particular subject classes required by their son. The fact that there may be a space in a year group would not automatically mean that there is a place available in a particular subject class at the level required by the student. This is because class size is limited in certain subjects. Parents should also establish the curricular provision, subject choices/levels and facilities available at the time.

#### ***Acceptance of an offer of a place by an applicant to a year group other than First Year or during the school year:***

The parents must confirm their acceptance in writing of an offer of a place within two weeks of the date of the offer of a place.

In accepting an offer of admission from St Michael's College, the parents must indicate—

1. Whether or not they have accepted an offer of admission for another school or schools. If they have accepted such an offer, they must also provide details of the offer or offers concerned and
2. Whether or not they have applied for and are awaiting confirmation of an offer of admission from another school or schools, and if so, they must provide details of the other school or schools concerned.

Parents should be aware that failure to disclose this information on the acceptance of a place may lead to an offer being withdrawn by the school.

### ***Circumstances in which offers of a place in a year group other than First Year or during the school year may not be made or may be withdrawn:***

An offer of admission may not be made or may be withdrawn by St Michael's College where:

1. it is established that information contained in the application is false or misleading;
2. an applicant fails to confirm acceptance of an offer of admission within two weeks of the date of the offer of a place;
3. the parent of a student, when required by the Principal in accordance with section 23(4) of the Education (Welfare) Act 2000, fails to confirm in writing that the Code of Behaviour of the school is acceptable to him or her and that he or she shall make all reasonable efforts to ensure compliance with such code by the student;
4. an applicant has failed to comply with the requirements of 'acceptance of an offer' as set out above;
5. The board of management has a duty of care to ensure as far as practicable the health and safety of the students and staff of the school. In addition, the board of management is required under section 15(1) of the Education Act 1998 to provide, or cause to be provided, an appropriate education for each student at the school for which that board has responsibility. An application for admission may be refused, therefore, where the admission of the applicant would pose a significant risk to the health and safety of the applicant or students and staff of the school, or risk significantly interfering with the right of other students to an appropriate education.

### ***Oversubscription to the year group other than First Year:***

In the event of there being more applications to the year group other than First Year than places available, a waiting list of students, whose application for admission to the particular year group has been refused, will be compiled and will remain valid for the school year in which admission is being sought.

Placement on the waiting list will be in the order of priority assigned to the students' applications after the school has applied the selection criteria in accordance with this admission policy see [Section 5](#) above. The date of receipt of a properly completed Application Form will determine the position on this waiting list within each of the criteria. In the unlikely event that there are two or more students tied for a place or places in any of the selection criteria categories set out in [Section 5](#) above, then the position on the waiting list (for places in a year group other than First year) will be determined by a lottery process.

Offers of any subsequent places in the year group other than First Year that become available during the school year will be made to those students on the waiting list, in accordance with the order of priority in relation to which the students have been placed on the list.

### **Sharing of Data with other schools:**

Applicants should note that the provisions of Section 11 above relating to the sharing of data with other schools will apply in all cases where an application is made to a year group other than First Year or during the school year.

### **11. Declaration in relation to the non-charging of fees**

The board of St Michael's College or any persons acting on its behalf shall not, except in accordance with section 64 of the Education (Admission to Schools) Act 2018, charge fees for or seek payment or contributions (howsoever described) as a condition of-

- (a) an application for admission of a student to the school,

### **12. Arrangements regarding students not attending religious instruction**

The environment and organisation of daily life in St Michael's reflects its place within the Catholic tradition of education. There is religious education within the class timetable, by way of the national Junior Cycle programme for RE from First – Third Year, and non-exam RE from Fourth – Sixth Year which includes Relationships & Sexuality Education (RSE). Students are given the opportunity for faith-in-action through works in the community, some of which take place within the timetabled day. There is a system of supports to the Catholic faith life including liturgies to mark points of the church calendar such as Advent & Lent, the sacraments of the Eucharist and of Reconciliation, and annual retreats. Teachers may choose to lead a class prayer to start the class. Families and boys are invited to Mass to mark milestones such as starting First Year and completing Sixth Year.

The following arrangements are in place for students who do not partake in specific religious events:

1. All students follow the Junior Cycle RE programme and attend Senior Cycle RE classes.
2. All students do work in the community and partake in charitable activities each year.
3. All students are invited to attend the annual retreats, which take place instead of classes. If excused, they may remain at home or come to school, where they will work on their other subjects. Alternative tuition is not provided.
4. When a teacher is leading a prayer to begin a class, or there is a liturgy in an exam hall or school assembly to mark occasions such as Advent, students *de facto* are making their own choices as to whether they are participating. On such occasions, the norms of courtesy guide individuals

who are attending a prayer service which is not of their faith. When a sacramental service is offered to a group, students may be excused attendance by prior arrangement. The school will provide supervision but not alternative tuition during this time.

### **13. Reviews/appeals**

#### **Review of decisions by the Board of Management**

The parent of the student, or in the case of a student who has reached the age of 18 years, the student, may request the board to review a decision to refuse admission. Such requests must be made in accordance with Section 29C of the Education Act 1998. A request for a review must be received by the school within 7 days of the refusal of admission.

The timeline within which such a review must be requested and the other requirements applicable to such reviews are set out in the procedures determined by the Minister under section 29B of the Education Act 1998 which are published on the website of the Department of Education and Skills.

The board will conduct such reviews in accordance with the requirements of the procedures determined under Section 29B and with section 29C of the Education Act 1998.

**Note:** Where an applicant has been refused admission due to the school being oversubscribed, the applicant **must request a review** of that decision by the board of management prior to making an appeal under section 29 of the Education Act 1998.

Where an applicant has been refused admission due to a reason other than the school being oversubscribed, the applicant **may request a review** of that decision by the board of management prior to making an appeal under section 29 of the Education Act 1998.

#### **Right of appeal**

Under Section 29 of the Education Act 1998, the parent of the student, or in the case of a student who has reached the age of 18 years, the student, may appeal a decision of this school to refuse admission.

An appeal may be made under Section 29 (1)(c)(i) of the Education Act 1998 where the refusal to admit was due to the school being oversubscribed.

An appeal may be made under Section 29 (1)(c)(ii) of the Education Act 1998 where the refusal to admit was due a reason other than the school being oversubscribed.

Where an applicant has been refused admission due to the school being oversubscribed, the applicant **must request a review** of that decision by the board of management **prior to making an appeal** under section 29 of the Education Act 1998. (see Review of decisions by the Board of Management)

Where an applicant has been refused admission due to a reason other than the school being oversubscribed, the applicant **may request a review** of that decision by the board of management prior to making an appeal under section 29 of the Education Act 1998. (see Review of decisions by the Board of Management)

Appeals under Section 29 of the Education Act 1998 will be considered and determined by an independent appeals committee appointed by the Minister for Education and Skills.

The timeline within which such an appeal must be made and the other requirements applicable to such appeals are set out in the procedures determined by the Minister under section 29B of the Education Act 1998 which are published on the website of the Department of Education and Skills.
